*Executive Order 12866.* It has been determined that this Privacy Act rule for the Department of Defense does not constitute "significant regulatory action". Analysis of the rule indicates that it does not have an annual effect on the economy of \$100 million or more; does not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; does not materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; does not raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in Executive Order 12866.

*Regulatory Flexibility Act.* It has been determined that this Privacy Act rule for the Department of Defense does not have significant economic impact on a substantial number of small entities because it is concerned only with the administration of Privacy Act systems of records within the Department of Defense.

*Paperwork Reduction Act.* It has been determined that this Privacy Act rule for the Department of Defense imposes no information requirements beyond the Department of Defense and that the information collected within the Department of Defense is necessary and consistent with 5 U.S.C. 552a, known as the Privacy Act, and 44 U.S.C. Chapter 35.

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Final rule; technical amendment.

**SUMMARY:** In a document published in the **Federal Register** on October 3, 1997 (62 FR 51783), VA amended the "Survivors' and Dependents' Educational Assistance Under 38 U.S.C. Inadvertently, two cross-references to said paragraph (e) were not amended to reflect the change. Accordingly, this document corrects this error by changing the cross-references to refer to the new § 21.3047.

**Dipropylene Glycol Dimethyl Ether; Final Significant New Use Rule**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** EPA is promulgating a significant new use rule (SNUR) under section 5(a)(2) of the Toxic Substances Control Act (TSCA) for the chemical substance described as dipropylene glycol dimethyl ether (DGDE), which was the subject of premanufacture notice (PMN) P-93-507. This final rule will require persons who intend to manufacture, import, or process this substance for a use designated by this SNUR as a "significant new use" to notify EPA at least 90 days before commencing those manufacturing or processing activities. The notice will provide EPA with the opportunity to evaluate the intended use and, if necessary, prohibit or limit that activity before it can occur.
